## SOFT-SKILLS & ACHIEVEMENTS

Communication
- Created connections between professionals and students that increased high school student's interest to pursuing higher education.

Organization
- Planned the high school graduation ceremony and managed to reduce costs by nearly 30%.

Empathy
- Implemented the Music Club that allows students to interact and grow through teaching music in a practical approach.

Problem-solving
- Established a Music Room by collecting donation from students participating in the Music Club to purchase audio equipment, instruments and electric equipment to offer better conditions to school's events.

## EXPERIENCE

- Find Code Buddy: a Web app that allows a user to register using Firebase login API and connect with other coders to work in a project together, find mentors or register to be a mentor. Use Vue.js and Firebase.

- Rock, Paper, Scissors, Lizard & Spock: an extended version of the classic Rock, Scissors and Paper with some animations and a score counter that tracks the user's points, computer's points and the ratio. Use Vanilla JS and CSS.

- Portfolio: Personal portfolio build with Vue.js
